Safeguarding seniors from abuse

The **ElderSAFE Center** works with our community partners – local agencies, area hospitals, and social service organizations – to build a strong and effective response to elder abuse.

What is elder abuse?

Elder abuse is the mistreatment of older adults

in one or more of the following ways:

- **PHYSICAL:** Use of force (such as hitting or pushing) causing pain, harm, or physical injury; inappropriate use of medications or physical restraints.
- **SEXUAL:** Any type of non-consensual sexual contact.
- **PSYCHOLOGICAL:** Mistreatment that affects emotional or mental health, including: intimidation, threats, harassment, humiliation, belittlement, or isolation.
- **NEGLECT:** Willful deprivation of basic needs, including food, clothing, shelter, medicine, or personal hygiene.
- **FINANCIAL EXPLOITATION:** Misuse of the older adult's money, property, or resources.
